

# CERTIFICAAT

## AURO Pflanzenchemie AG

has offset a total of **270,82 ton** CO<sub>2</sub>-emissions  
for **2006** through Climate Neutral Group.  
In order to compensate for these emissions  
approximately **13,541** trees need  
to grow for one year.

With the proceeds of this certificate Climate Neutral  
Group finances renewable energy projects and forestry  
projects with the purpose of reducing greenhouse  
gasses, countering global warming,  
and promoting biodiversity.
